

AMENDMENTS TO THE DRAWINGS:

The attached replacement sheet of drawings includes changes to Figs. 12-13. The replacement sheet, which includes Figs. 12-13, replaces the substitute drawing sheet including Fig. 12-13 that was submitted on *May 24, 2002*.

FIGs. 12 and 13 have been amended to show the correct configuration of FIGs. 12-13 originally filed on March 4, 2002, in the manner kindly suggested by the Examiner in paragraph 4 of the Office Action.

In particular, in FIGs. 12 and 13, seal 14 and collar 76 are now shown with the same hatched lines so as to indicate the same material.

In FIG. 12, bottom 152 is now shown to close off gap 138.

In FIGs. 12-13, seal 14 has been amended so that it does not extend under core surface 152 to be consistent with FIGs. 5-6.
